Lenses crafted for Sharper Vision

About VisionExpress

Welcome to Vision Express India, a one-stop destination for professional eye care services and high-quality eyewear. Vision Express, the world's leading optical retail chain from Europe, launched in India in 2009. Our journey began with a vision to revolutionize the eyewear industry in India, and today, we stand as a testament to excellence and innovation.

Vision Express is a Joint Venture between Reliance Retail Limited, a subsidiary of Reliance Industries, and Grand Vision, now a part of Essilor Luxottica. This strategic partnership combines the unparalleled expertise of two global leaders, ensuring that we deliver nothing short of excellence to our customers.

We offer a diverse range of high-quality eyewear, meticulously curated to embody the latest trends and designs. Our commitment goes beyond merely satisfying our customers; we strive to inspire them with professional advice and personalized service. At Vision Express, we uphold international quality standards through transparent pricing, contemporary designs, and complimentary lifetime service, ensuring an unparalleled shopping experience for every customer.

We prioritize comprehensive eye care through our European Certified 6-step eye test, conducted by certified optometrists. This commitment to excellence in eye care underscores our dedication to the well-being of our customers.

With over 120 stores, located conveniently near you, we at Vision Express India don't just provide eyewear; we offer a vision of clarity, style, and exceptional service. Join us on our journey as we continue to redefine the optical retail experience, one pair of glasses at a time.

Trusted in over 40 countries | 7000+ stores worldwide | Europe Certified Eye test
